**ASM: Academic Space Management**

- Performs regular inspections of the general purpose classrooms to report maintenance and safety issues.
- Functions as an advocate for all academic units, acting as liaison to Environmental Health Safety, Facilities Management and other FIU units, and assists in the resolution of problems related to the condition or use of classrooms.
- Provides space planning, analysis and support to units under Academic Affairs and other University departments.
- For more information please visit our web site at asm.fiu.edu or call us at (305) 348-1762.

**CAT: Center for the Advancement of Teaching**

Location: Green Library - GL 154  
Online: http://undergrad.fiu.edu/cat/  
We have extensive resources online.

Are you interested in exploring new teaching strategies? Are you designing a new course? Is motivating your students a challenge, as class sizes increase? FIU faculty are invited to consult CAT staff on any issue related to teaching.

**CAT can...**

- Assist in the redesign of a course or syllabus.
- Discuss teaching challenges and personalized solutions.
- Collaborate as you explore teaching innovations.
- Assist with designing new assessment measures.
- Help you integrate technology into your pedagogy.
- Steer you toward useful print, online or video resources when you want to investigate particular teaching strategies.

...and much more.

**CAT offers...**

- Workshops, roundtables, and conversations on a range of teaching topics.
- Faculty learning groups.
- Departmental consultations.
- One-on-one consultations.
- Midterm learning assessments (small group instructional diagnoses).
- An extensive library of research on learning and pedagogy.
- TA training.

...and a variety of other services, tailored to your needs. Just ask!

Whether you’re developing a new class or formulating new approaches, please bounce your ideas in CAT’s direction.
